Maguire Medical Library Quick Tips

Mobile-Friendly Medical Library Website & Shortcut

--On your smartphone or iPod, open a browser
--Type med.fsu.edu
--Select the Library button (center)

Select menus to access mobile-friendly library resources.

Off campus, you will be automatically prompted to log in to off-campus access

Create a shortcut to the mobile website:

iOS devices in Safari: select the Share button at the bottom of the screen

(iOS continued) Select Add to Home Screen to create a shortcut

Android devices: select the menu option, settings button and/or the star button (you may have to create a bookmark in the browser first)

(Android continued) Select “add to home screen” to create a shortcut
